YII FRAMEWORK 2.0

The Fast, Secure & Professional Framework

#6 Theming

Let's start it!

Outline

- Theming
 - instalasi theme
 - penggunaan theme
 - instalasi widget theme
 - penggunaan widget theme

Theming

Theme pada aplikasi Yii2

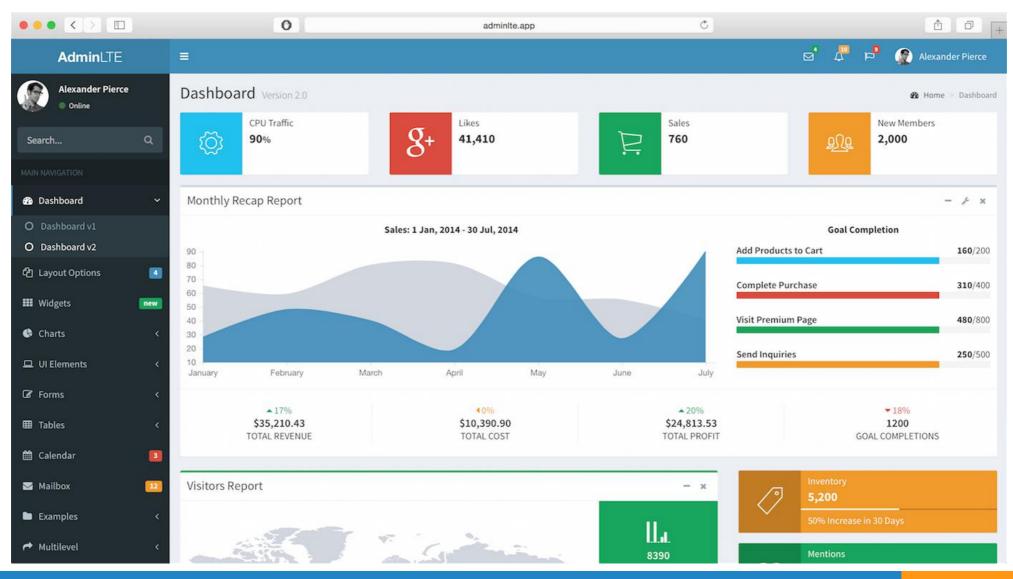

Theming

Instalasi Theme

Pada Yii tersedia banyak *extension theme* yang bisa kita implementasikan pada aplikasi kita. Salah satu *theme* yang populer adalah AdminLTE

Pada studi kasus kali ini kita akan memakai theme AdminLTE

Theming

dmstr/yii2-adminlte-asset

Backend UI for Yii2 Framework, based on AdminLTE.

https://github.com/dmstr/yii2-adminIte-asset

Instalasi

composer require dmstr/yii2-adminIte-asset "2.*"

Insolita/yii2-adminlte-widgets

Widgets for AdminLte theme.

https://github.com/Insolita/yii2-adminIte-widgets

Instalasi

composer require --prefer-dist insolita/yii2-adminite-widgets "~1.1"

Thanks! Any questions?
